- The Australian may conduct background checks on all potential Award Winners and reserves the right to veto inclusion of certain organisations at their own discretion.

3. What are the entry criteria?

To enter the awards, your company must have a minimum of 10 employees, and meet a participation rate proportional to your organisation size. To gain an accurate representation, you should aim to have the following participation rate for the awards, with responses from all parts of the organisation:

- 50% for Small organisations
- 45% for Medium organisations
- 35% for Big organisations
- 25% for Very Big organisations

If your company does not meet this response rate, or if you do not submit your surveys on time, **your entry will not count.**

4. How do I enter?

You can enter your organisation by setting up and sending out an awards entry engagement survey on WorkL, more information can be found [here](#).

- Select the package based on the size of your organisation.
- Set up the survey/add an introduction to explain to your employees why they have been asked to complete the survey.
- Set up a start and end date: the longer you keep your survey open the better chance you have to qualify.
- Enter payment details or generate an invoice.
- Download your **Welcome Pack**, which includes details of the survey process, Slice and dice and supplementary information survey instructions.

- Go to the **Live Surveys Dashboard** and copy a link to the survey which you can then send to your employees.
- Once your survey finishes you will have access to your own individual results/dashboard.

When setting up your survey, you will be asked to include the actual number of employees that your organisation has. This will ensure that your response rate is accurate. You will be able to track your response rate live in the survey dashboard.
